<b>Active Partner : one from each eligible countries and + adhesions of Silent Partners or stakeholders or supporters</b>	10  + 10

• **Project proposal**

<b>Main covered fields</b>	EU GRUNDTVIG MULTILATERAL NETWORKS ACTION on BIO-KNOWLEDGE CHANGE will cover the multidisciplinary key fields : 1. Biodiversity and Food 2. Biodiversity, Ecology and Health, 3. Biodiversity and artistic expression and music.
<b>Target groups</b>	Any organisation concerned with adult learning expert in Grundtvig <b>Thematic networks</b> – e.g. large-scale networks providing a forum or common platform for discussion and exchange of information on key issues, policy shaping and / or research in the area of adult learning.
<b>Objectives</b>	a)- The BKC-2010 would construct a platform for discussion is an ideal environment to advance towards new processes of change providing a

	<p>forum for discussion and exchange of information in the area of adult learning on the set of related key issues linking biodiversity , food sustainability with nutrition , health and well being .</p> <p>b) - More specifically the BKC-2010 would develop a constructivist framework in life sciences for guiding change and innovation in management education about the KBBE strategy, linking nutrigenomics research and nutraceutical SMEs production in Europe.</p> <p>c)- The BKC-2010 expectation is to identify present, emergent and future needs, and in particular to pinpoint aspects where European co-operation on Biodiversity and Food sustainability could be especially beneficial in the area of adult learning.</p>
<b>Activities</b>	WEB FORUM, Kick off meeting and final international Congress
<b>Outcomes</b>	Dissemination , semestral reports of the 18 months program
